The Power of My Kitchen Club

- My Kitchen Club is giving 100% of all revenues back to our affiliates and we **pay daily!** We Make it happen! We make sure that everyone wins!
- The funds that we don't payout to our affiliates;
Example: an affiliate that does not refer. They are receiving 25% payout RIGHT? The other 75% of the funds are there and should be used in the best interest of our affiliates. WE DO JUST THAT!

These funds are used to create HELPER positions.

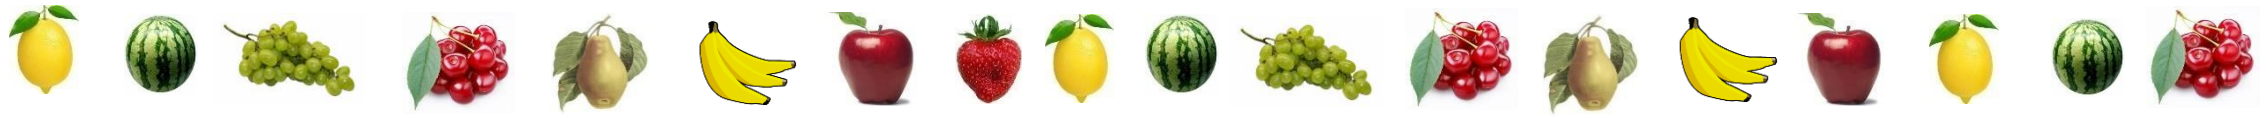

The HELPERS of My Kitchen Club

- This is HUGE! It's leverage for everyone and creates commissions earnings for all! This has never been done before.
- Helpers force fill the compensation structure from left to right, top to bottom.
- Helpers are identified as fruits. 
- All affiliates will see fruits coming in from everywhere in their compensation structure. These fruit HELPERS will generate earnings FOR YOU.

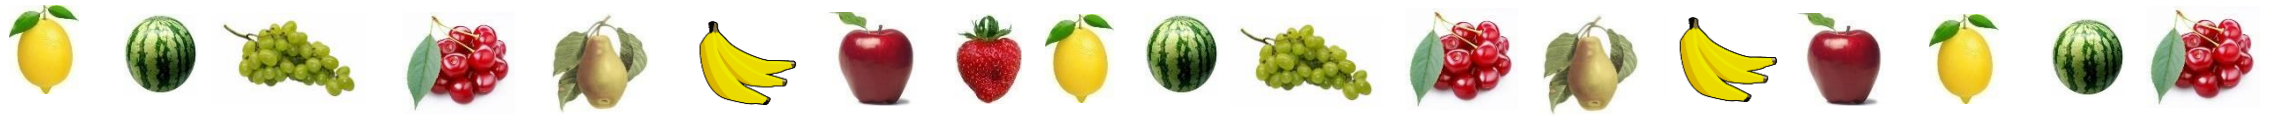

The HELPERS are going WILD with My Kitchen Club

- Helper positions earn commissions as well, so the earnings will be used again to create more helper positions. Everyone wins!
- That's not all! WE WORK WITH YOU All the time!
The company position is at the top! All funds accumulated from this position also are used to create HELPERS.
- As soon as there are enough funds to create a helper position, BAM! A helper force fills the compensation structure.

The software beta test confirms there will be hundreds of helpers daily!
